3M™ First Base™ 3 Bump Cap

At the core of the 3M™ First Base™ 3 Bump Cap is the patented shell designs, designed for comfort and protection. The shells are complemented by a range of stylish and durable fabrics to suit many applications.

Comfort

Delivered by the patented, breathable, perforated shell with indirect top ventilation system with wicking fabric sweatband to draw moisture away.

Stability

The adaptive shell design contours around the head for a comfortable fit. The elasticated adjustment strap positions beneath the occipital bone to help increase stability.

Protection

The shell design provides protection to the wearer's head when impacted against hard, stationary objects with sufficient severity to cause laceration or other superficial injuries in industrial and occupational use.

Customisation

Optional logo customisation areas.

3M™ First Base™ 3 Classic Bump Cap

Lightweight cap with micro-fibre fabric and flexible shell design.

3M™ First Base™ 3 Elite Bump Cap

Dual colour micro-fibre cap with reflective piping and flexible shell design.

3M™ First Base™ 3 Extra Bump Cap

Durable cap with polyester/cotton fabric and full shell design.

Patented shell delivers comfort with protection.

Indirect crown ventilation system

Perforated sides

Impact absorbing spine

Adaptive flexible channel

Full shell option offers increased coverage

Key features

- ▶ Patented perforated shell, with indirect crown ventilation system, permits air circulation to help humidity
- ▶ Patented flexible or full shell designs provide fit for a wide range of head sizes
- ▶ Multiple colour options
- ▶ Standard, reduced or micro peak options
- ▶ Wicking fabric sweatband helps draw moisture away from the skin to improve comfort
- ▶ Machine washable fabrics
- ▶ CE marked to EN 812

Wicking sweatband

Spacer backed sweatband

Elasticated adjustment

Wide ventilation panel

3M™ First Base™ 3 Classic Bump Cap

The 3M™ First Base™ 3 Classic Bump Cap has been developed to meet the everyday needs of industry. The Classic provides key features such as:

- ▶ Single colour design available in nine options
- ▶ Ventilated fabric panel permits air circulation to help reduce humidity
- ▶ Side mesh ventilation
- ▶ Utilises a patented “flexible” shell design to fit a wide range of head sizes

3M™ First Base™ 3 Elite Bump Cap

The 3M™ First Base™ 3 Elite Bump Cap delivers a modern and appealing look and is designed with reflective piping. The Elite provides key features such as:

- ▶ Modern look and appeal
- ▶ Stylish dual colour cap design in three standard colour combinations
- ▶ Ventilated fabric panel permits air circulation to help reduce humidity
- ▶ Side and top mesh ventilation enhances breathability
- ▶ Designed with reflective piping
- ▶ Utilises a patented ‘flexible’ shell design to provide fit for a wide range of head sizes
- ▶ Optional fluorescent orange offering enhanced visibility

3M™ First Base™ 3 Classic HV Bump Cap

The 3M™ First Base™ 3 Classic High Visibility Bump Cap is designed with a fluorescent colour offering enhanced visibility and is designed with reflective materials which comply with ISO 20471.

- ▶ Reflective piping and strip
- ▶ High visibility material – ISO 20471 specified fabrics
- ▶ Vented polyurethane polyester fabric
- ▶ Utilises ‘flexible’ shell design
- ▶ Standard and reduced peak length options

3M™ First Base™ 3 Extra Bump Cap

The 3M™ First Base™ 3 Extra Bump Cap combines durable, workwear fabrics with the increased coverage offered by a full shell design. The Extra provides key features such as:

- ▶ Traditional look and appeal
- ▶ Single colour design available in three colour options
- ▶ Durable polyester/cotton blend fabric
- ▶ Side mesh ventilation enhances breathability
- ▶ Reduced peak length for enhanced upwards vision
- ▶ Utilises a patented ‘full’ shell design to provide enhanced coverage for a wide range of head sizes

3M™ First Base™ 3 Flame Resistant Bump Cap

The 3M™ First Base™ 3 Flame Resistant Bump Cap is designed to protect workers in environments where hot sparks or flames are present. A flame symbol is embroidered at the rear on both sides of the cap, so that it is clearly visible a flame resistant cap is being worn in areas identified to be a flammable risk.

- ▶ No direct ventilation holes helps reduce potential burn risk
- ▶ Completely flame retardant (coated cotton) outer cap
- ▶ Over-locked outer fabric safeguards against internal ignition
- ▶ CE certified to EN 812 including optional 'resistance to flame' clause
- ▶ Flexible ABS protective shell guards against bumps and lacerations to the head

3M™ First Base™ 3 Beanie Bump Cap

- ▶ Elasticated knitted acrylic beanie cap provides a fit to a wide range of head sizes
- ▶ Stylish cap design
- ▶ Designed for use in cold temperatures
- ▶ Flexible ABS protective shell guards against bumps and lacerations to the head

*ABS – (Acrylonitrile Butadiene Styrene)

3M™ First Base™ 3 Winter Bump Cap

The 3M™ First Base™ 3 Winter Bump Cap is designed with reflective materials which comply with ISO 20471.

- ▶ ISO 20471 compliant reflective materials
- ▶ Waterproof outer fabric maintains dryness
- ▶ Flexible protective shell guards against bumps and lacerations to the head
- ▶ Over ear fabric panels for cold weather environments
- ▶ Optional fluorescent colours offering enhanced visibility

3M™ First Base™ 3 Police Bump Cap

The 3M™ First Base™ 3 Police Bump Cap provides a modern and practical alternative to the Police Custodian or Traffic Officer hats and non protective baseball style caps, allowing officer's to conduct their duties in an uninhibited way. Appearance integrates with existing police uniform, First Base 3 is the modern day practical Police headwear solution.

- ▶ Choice of three First Base 3 cap styles – Search, Firearms and Roads Policing
- ▶ Flexible protective inner shell guards against bumps and lacerations to the head
- ▶ Reduced peak design allows uninhibited vision
- ▶ Provides a universal fit to a wide range of head sizes (52- 65cm)
- ▶ CE certified to EN 812 – European Industrial Bump Protection Standard
- ▶ Optional belt clip fits over the Police Equipment Belt or attaches to a kit
